

# RUSY

**Notes:**

Rusy was surrendered to us along with Spud and Bella. He is a quiet boy that gets on with other dogs. He has been an outside dog only but I am sure he would be great indoors also just given the chance, specially in winter.

Spud has had a bit of a hard life but that has not affected his sweet nature or his faith in humans. He would be great company for any family or person.

If you are interested in giving this lovely old boy a forever home please contact Ella.
